

## Compliance Statement Letter from Shipper/Agent

(For the Air Transport of Used Electronic Equipment Containing Lithium Batteries)

This is to declare that the used electronic equipment containing lithium-ion batteries, listed in the shipment below, has been properly inspected and verified to be in full compliance with the applicable air transport regulations.

### A. Shipment Details:

<b>Description of Goods</b> (to include Quantity, photo of goods)	:	
<b>Battery Type</b> (e.g., Li-ion, Li-po, etc.)	:	
<b>State of Charge (SoC)/ Indicated Battery Capacity</b>	:	
<b>Packing Instruction</b>	:	
<b>Route</b> (e.g., CGK-SIN)	:	
<b>Plan Date of Shipment</b>	:	

### B. Compliance Statement

We hereby certify that:

1. All lithium batteries are **not damaged, defective, leaking, recalled**, or showing any sign of swelling, overheating, or irregular behaviour, in accordance with **IATA DGR Special Provision A154**.
2. Each device is packed **individually** in strong rigid packagings with adequate **cushioning** to prevent movement or accidental activation.
3. All devices are in **fully shut down (OFF) mode** — not in hibernate or sleep state.
4. The shipment is properly **labelled with the lithium battery handling mark** and complies with all applicable documentation and packaging requirements.

This declaration is issued truthfully and accurately by the undersigned in accordance with IATA Dangerous Goods Regulations.
